Hi Everyone

Welcome to the last week of Term 2. What a busy and eventful term we have had. It seems so long ago that the floods devastated our local area and school.

Reports

Semester One reports have gone out this week. It has been a pleasure to read each and every report and I am positive you will enjoy reviewing your child’s semester. As reported last week, staff will be contacting you in early in Term 3 to coordinate a Learning Support Team meeting to plan for the remainder of the year and discuss the semester one report.

Reading Groups

Our very first Parent Reading group will commence early in Term 3. Staff and students are very excited about the program and everyone is looking forward to further developing our students love of reading and communicating. It’s not too late to volunteer. If you would like to join the program please do not hesitate to contact the school.

Change of Details

It is essential to maintain accurate contact details for students at school. In an emergency situation we need to be able to quickly contact you to inform you of what has happened. If your phone number, address or personal situation has changed since completing the forms at the beginning of the year, please contact the school so that relevant changes can be made. Thank you for your cooperation in this matter.

Education Week Activities

Our Education Week Extravaganza is rapidly approaching. Please keep Friday 31st July free and come and enjoy a fun filled morning. We look forward to seeing you there.

Holidays

I would like to take this opportunity to wish everyone a safe and happy holiday. If you are travelling, please be safe on the roads.

School resumes for staff on Monday 13th July. Students will return on Tuesday July 14th.

Look forward to catching up with everyone next term.

Tracey

Today we had our end of term assembly in our pyjamas. Here are some pictures of our students receiving awards!
This term room 10 have been experimenting with colouring. Our most exciting experiment was tie-dyeing white roses. We left them in the dye overnight and the roses changed colour.

Another exciting experiment we did was finding out what colours are in a black texta. Each student had the opportunity to place the filter paper with a black line on it into water and watch the colours separate.
**CAN CRUSHING**

Room 10 enjoy going out into the in-school work place area to do some can crushing.

---

**WORK EXPERIENCE**

Courtney has been going to work at ‘Aussie Care’ Thornton this term and has had a great time learning new skills. Courtney will continue to participate in work experience at a different setting next term.

---
